12/24v DC PORTABLE REFRIGERATORS - "SOLAR READY"

Model No. BR20

14kg 20 litre
545*380*433mm

Model No. BR30

16kg 30 litre
545*380*551mm

- ◆ With DC compressor, Input voltage 12/24V DC
- ◆ Rubber mounted Domus compressor
- ◆ Temperature range: +10°C to -18°C
- ◆ This appliance can be powered by either 12v or 24v DC using the lead supplied, by solar panel or the 240v mains supply power adaptor .
- ◆ The freezer has automatic cut out at 11.2v to prevent the vehicle or auxiliary battery being discharged .
- ◆ Digital display and temperature control let you set the temperature required
- ◆ Capacity : 20 litres / 30 litres
- ◆ Power consumption : 40w
- ◆ 12 months parts & labour warranty

Model No. BR45

23kg 45 litre
690*490*474mm

Model No. BR55

25kg 55 litre
690*490*534mm

- ◆ With DC compressor, Input voltage: DC12/24V
- ◆ Rubber mounted Domus compressor
- ◆ Temperature range: +10°C to -18°C
- ◆ This appliance can be powered by either 12v or 24v DC using the lead supplied, by solar panel or the 240v mains supply power adaptor .
- ◆ The freezer has automatic cut out at 11.2v to prevent the vehicle or auxiliary battery being discharged .
- ◆ Digital display and temperature control let you set the temperature required
- ◆ Two compartments, both fridge & freezer
- ◆ Insulation: 55mm polyurethane foaming.
- ◆ Capacity BR45 : 45 litres (7L for fridge)
BR55 : 55litres (12L for fridge)
- ◆ Power consumption : 45w
- ◆ 12 months parts & labour warranty

**Includes 12v/24v DC cable
& FREE insulated transit bag**

Optional 240v AC /12v DC Adaptor Model No. BR15

**Includes 12v/24v DC cable
& FREE insulated transit bag**

Optional 240v AC /12v DC Adaptor Model No. BR15
